7-Up Bread

Yield: 1 Servings

1 c 7-up
1 egg
1 T vanilla (or any extract or
-liquid f,avoring you wish
1 ds nutmeg
3 c bisquick

In 1 1/2 quart mixing bowl, using wire whisk or mixing spoon, beat 7-Up with egg and vanilla (or extract/avoring of your choice) and beat in nutmeg (or any other powdered spice) to taste, till thoroughly combined. Dump in the Bisquick. Stir to mix well, but do NOT overbeat or bread will be heavy! Batter will be lumpy -- but all dry particles well moistened by liquid ingredients. Scrape batter down into Pam sprayed 8" Pyrex loaf dish.

Let stand 10 minutes to "proof" (give batter chance to rise a bit) and bake in preheated 400 degree F oven 50 to 55 minutes -- or till tests done. Best way to test it for doneness is to insert a paper-covered wire trash bag "twist" through center of bread till it touches the bottom of dish. When it come out clean of any wet batter, remove to wire rack to cool 1 hour.

Remove from baking dish & allow bread to cool another 3 hours before attempting to slice it. Store in plastic bags at room temperature to use within 3 days. Freeze bread to use within 3 months -- slicing it before you freeze it, though.

VARIATION: Using Vernor's Gingerale in place of the 7-Up worked every bit as well as with the 7-Up. Follow recipe exactly as given above, but you may use pumpking pie spice in place of nutmeg and lemon extract instead of vanilla when you use the gingerale. Or use Squirt.

7-Up Drop Biscuits

Yield: 7 Servings

2 c bisquick mix
2/3 c 7-up

Mix together with rubber bowl scraper until thick, sticky and moist. Grease a 9" round layer cake pan or spray in Pam and drop dough into pan by tablespoonful, making 7 portions -- one in the center & 6 other portions equally spaced around that. Bake at 400 degrees F for 24 minutes or till golden brown. Serve warm, splitting each biscuit with your thumbs, rather than cutting them in half.

Makes 7 large biscuits.

1/4 t black pepper,Ground
5 plain hamburger buns
10 sl provolone cheese
10 t parmesan cheese,Shredded

1. Add 3 tablespoons oil to a large soup pot or saucepan over medium/high heat. Add the sliced onions and saute for 20 minutes until the onions begin to soften and start to become translucent. You don't want them to brown.
2. Add the beef broth, water, salt, garlic powder and black pepper to the pan and bring mixture to a boil. When soup begins to boil, reduce heat and simmer for 45 minutes.
3. To make the croutons cut off the top half of each top of the hamburger bun so that the bread is the same thickness as the bottom half of each bun. Throw the tops away. Now you should have 10 round pieces of bread -- 5 bottom buns, and 5 top buns with the tops cut off. Preheat oven to 325 degrees. Place the bread in the oven directly on the rack and bake for 15 to 20 minutes or until each piece is golden brown and crispy. Set these croutons aside until you need them.
4. When the soup is done, spoon about 1 cup into an oven-safe bowl. Float a crouton on top of the soup, then place a slice of provolone cheese on top of the crouton. Sprinkle 1/2 teaspoon of shredded parmesan cheese over the provolone.
5. Place the bowl into your oven set to high broil. Broil the soup for 5 to 6 minutes or until the cheese is melted and starting to brown (you may need to broil longer if you are making more than one bowl at a time). Sprinkle an additional 1/2 teaspoon of shredded parmesan cheese over the top of the soup and serve. Repeat process to prepare remaining servings.

4. Combine the romaine and iceberg lettuce, red and green cabbage and 1 cup of shredded carrots in a large bowl with the dressing. Toss well.
5. Divide the tossed greens among four plates. Sprinkle 1/4 cup of green onions over each salad, followed by 1/3 cup of crispy chow mein noodles.

Applebee's Low-Fat Blackened Chicken Salad

Dressing 1/4 c fat free mayonnaise 1/4 c Grey Poupon Dijon mustard 1/4 c honey 1 T prepared mustard 1 T white vinegar 1/8 t paprika **Salad** 8 c iceberg lettuce, Chopped 1/2 c red cabbage, Shredded 1/2 c carrot, Shredded 1/2 c fat free mozzarella, Shredded 1/2 c fat free cheddar, Shredded 1 lg tomato, diced 1 hardboiled egg white, diced	**Chicken Marinade** 1 c water 3 T lime juice 2 T soy sauce 1/2 T Worcestershire **Cajun Spice Blend** 1/2 T salt 1 t sugar 1 t paprika 1 t onion powder 1 t black pepper 1/2 t garlic powder 1/2 t cayenne pepper 1/2 t white pepper **other** 2 boneless, skinless chicken breast halves 2 T light butter
---	--

1. Make dressing by combining ingredients in a small bowl. Mix well by hand. Store in a covered container in the refrigerator until salad is ready.
2. Combine water, lime juice, soy sauce, and Worcestershire in a medium bowl, and stir. Add the chicken breasts to the marinade, cover bowl and keep in refrigerator for several hours. Overnight is even better.
3. When chicken is marinated, preheat a frying pan or skillet (an iron skillet, if you've got it) over medium/high heat. Also, preheat your barbecue grill to medium/high heat.
4. Combine the spices for the Cajun spice blend in a small bowl. Sprinkle a teaspoon of the spice blend over one side of each of the chicken breasts. Cover the entire surface of the chicken with spice.
5. Melt the butter in the hot pan, then sear the chicken breasts for 2-3 minutes on the side with the spices. While first side cooks, sprinkle another teaspoon of spice over the top of each chicken breast, coating that side as you did the other. Flip the chicken over, and sear for another 2-3 minutes. The surface of the chicken will be coated with a charred, black layer of flavor. This is exactly what you are shooting for.
6. Finish the chicken off on your barbecue grill. Grill each breast on both sides for 2-3 minutes, or until they are done.
7. While chicken is cooking prepare the salads by splitting the lettuce into two large bowls. Toss in the red cabbage and carrots. Mix the cheeses together, then top the salad with the cheeses and hard boiled egg. Sprinkle the diced tomato on each salad.
8. Slice the chicken breast, across each breast in 1/2-inch-thick slices. Spread the chicken over the top of the salad and serve immediately with dressing on the side.

In another bowl, combine the flour with the cornflake crumbs, salt and pepper. Cut the chicken breast into 4 to 5 long strips. Dip each strip into the egg mixture then into the flour mixture, coating each piece completely. Fry each chicken finger for 5 minutes or until the coating has darkened to brown. Prepare the salad by tossing the romaine with the red cabbage, napa cabbage and carrot. Sprinkle the green onion on top of the lettuce mixture. 2. Make the mexi-ranch dressing by combining all of the ingredients in a medium bowl. Mix well until smooth, then cover dressing and chill it until needed.
3. When you are ready to prepare the entree, preheat the oven to high broil. Also, preheat your barbecue or indoor grill to high heat. When the grill is hot cook the marinated chicken breasts for 3 to 5 minutes per side, or until they're done.
4. Arrange the cooked chicken in a baking pan. Spread a layer of mexi-ranch dressing over each piece of chicken (you'll have plenty left over), followed by 1/4 cup of the shredded cheese blend. Broil the chicken for 2 to 3 minutes, or just until the cheese has melted.
5. Spread a bed of 1/2 cup of the tortilla strips or crumbled corn chips on each of four plates. Slide a chicken breast onto the chips on each plate and serve with your choice of rice, and pico de gallo, or salsa. Serves 4.

Tidbits: Crumbling store-bought tortilla chips is the easy way to make the bed of crunchy chips that the tequila lime chicken rests on. But, you can make tortilla strips like those served at the restaurant by cutting a stack of eight 6-inch corn tortillas in half. Stack the halves on top of each other and slice the tortillas into thin strips. Fry the tortilla strips in 2 cups of oil preheated in a large skillet for 3-5 minutes or until crispy. Salt lightly and cool on paper towels to drain.

Auntie Anne's Pretzels

1 1/4 c water, Warm
1 T plus 1/4 teaspoon yeast
3 3/4 c all-purpose flour
3/4 c plus 2 tablespoons powdered
-sugar
1 1/2 t salt
2 t vegetable oil
Bath =====
4 c water, Warm
1/2 c baking soda
Other =====
1/4 c butter, melted
kosher (or pretzel salt)
Cinnamon Topping =====
1/2 c granulated sugar
2 t cinnamon

1. Dissolve the yeast in the warm water in a small bowl or cup. Let it sit for a few minutes.
2. Combine flour, powdered sugar and salt in a large mixing bowl. Add water with yeast and vegetable oil. Stir with a spoon and then use your hands to form the dough into a ball. Knead the dough for 5 minutes on a lightly floured surface. Dough will be nice and smooth when it's ready. Place the dough into a lightly oiled bowl, cover it and, and store it in a warm place for about 45 minutes or until the dough doubles in size.
3. When dough has risen, preheat oven to 425 degrees.
4. Make a bath for the pretzels by combining the baking soda with the warm water and stir until baking soda is mostly dissolved.
5. Remove the dough from the bowl and divide it into 8 even portions. Roll each portion on a flat non-floured surface until it is about 3 feet long. Pick up both ends of the dough and give it a little spin so the middle of the dough spins around once. Lay the dough down with the loop nearest to you. Fold the ends down toward you and pinch to attach them to the bottom of the loop. The twist should be in the middle.
6. Holding the pinched ends, dip each pretzel into the bath solution. Put each pretzel on a paper towel for a moment to blot the excess liquid. Arrange the pretzels on a baking sheet sprayed with non-stick spray. If you want salt, sprinkle pretzels with kosher or pretzel salt. Don't salt any pretzels you plan to coat with cinnamon/sugar. You will likely have to use two baking sheets, and be sure to bake them separately. Bake the the pretzels for 4 minutes, then spin the pan halfway around and bake for another 4 to 5 minutes or until the pretzels are golden brown.
7. Remove the pretzels from the oven, and let them cool for a couple minutes. If you want to eat some now, brush 'em with melted butter first, if desired, before serving. If you want the cinnamon/sugar coating make it by combining the 1/2 cup sugar and 2 teaspoons cinnamon in a small bowl. Brush the unsalted pretzels you plan to coat with a generous amount of melted butter. Sprinkle a heavy coating of the cinnamon/sugar onto the entire surface of the pretzels over a plate.

Baby Ruth Candy Bar (Nestle)

Centers 1/4 c whole milk 5 unwrapped caramels 1 T light corn syrup 1 t butter 1/4 t vanilla 1/8 t salt 1 1/4 c powdered sugar	**Outside** 20 unwrapped caramels 1 1/2 t water 2 c dry roasted peanuts 1 12-ounce bag milk chocolate-chips
---	--

1. Combine all ingredients for the centers, except the powdered sugar, in a small saucepan over low heat. Stir often as the caramel slowly melts. When the mixture is smooth, add 3/4 cup of powdered sugar. Stir. Save the remaining 1/2 cup of powdered sugar for later.
2. Use a candy thermometer to bring the mixture to exactly 230 degrees, stirring often, then turn off the heat.
3. When the temperature of the candy begins to drop, add the remaining 1/2 cup powdered sugar to the pan, then use a hand mixer on high speed to combine. Keep mixing until the candy cools and thickens and can no longer be mixed. That should take a minute or two.
4. Let the candy cool in the pan for 10 to 15 minutes, or until it can be touched. Don't let it sit too long -- you want the candy to still be warm and pliable when you shape it. Take a tablespoon-size portion and roll it between your palms or on a counter top until it forms a roll with the width of your index finger, and measuring about 4 1/2-inches long. Repeat with the remaining center candy mixture and place the rolls on wax paper. You should have 8 rolls. Let the center rolls sit out for an hour or two to firm up.
5. Combine the 20 caramels with the 1 1/2 teaspoons of water in a small saucepan over low heat. Stir often until the caramels melt completely, then turn off the heat. If you work fast this caramel will stay warm while you make the candy bars.
6. Pour the peanuts onto a baking sheet or other flat surface. Using a basting brush and working quickly, "paint" a coating of caramel onto one side of a center roll. Quickly turn the center over, caramel-side-down, onto the peanuts and press gently so that the peanuts stick to the surface of the candy. Paint more caramel onto the other side of the roll and press it down onto the peanuts. The candy should have a solid layer of peanuts covering all sides. If needed, brush additional caramel onto the roll, then turn it onto the peanuts to coat the roll completely. Place the candy bar onto wax paper, and repeat with the remaining ingredients. Place these bars into your refrigerator for an hour or two so that they firm up.
7. Pour the milk chocolate chips into a glass or ceramic bowl and zap it in the microwave for 2 minutes on 50% power. Gently stir the chips, then heat for an additional 30 seconds at 50% power. Repeat if necessary, stirring gently after each 30 seconds. Don't over cook the chips or the chocolate will burn and seize up on you.
8. Drop a candy bar center into the melted milk chocolate. Cover the candy bar with chocolate using two forks, one in each hand. When the candy is covered with chocolate, balance the bar on both of the forks, one at each end of the candy bar, and tap the forks on the top edge of the bowl so that much of the chocolate drops off. Carefully place the candy bar onto wax paper and remove the two forks. Repeat with the remaining ingredients, and then chill the candy bars until firm. Makes 8 candy bars.

Baskin Robbins Ice Cream Cake

--cake--

- 1 box white cake mix
- 1 1/4 c water
- 1/3 c vegetable oil
- 3 egg whites
- other ingredients--
- 1/2 -gallon box praline ice
-cream
- 4 c vanilla ice cream
- 1 12 -ounce container white
-frosting
- optional--
colored frosting

1. Make your cake following the directions on the box. If you are making the white cake you will likely blend the cake mix with water, oil and 3 eggs. Pour the batter into a greased 9x13-inch baking pan and bake at 350 degrees for 30 to 35 minutes. When cake is done, let it cool to room temperature.
2. When the cake has cooled, slice it in half and place each half on a wax-paper covered cookie sheet, or a platter or tray that will fit into your freezer.
3. Use a sharp serrated knife (a bread knife works great) to slice the ice cream through the middle, box and all, so that you have two 2-inch thick sheets of ice cream. Peel the cardboard off the ice cream and lay a half upon each of cakes. Slice the edges of the cake all the way around so that the cake is the same size as the ice cream on top. Work quickly so that the ice cream doesn't melt. When both cake have been trimmed, place them into the freezer for an hour or two.
4. When you are ready to frost the cake, take the two pints (4 cups) of vanilla ice cream out of the freezer for 20 to 30 minutes to soften. Stir the ice cream so that it is smooth, like frosting. Use a frosting knife or spatula to coat each cake with about 2 cups of ice cream. Cover the entire surface thoroughly so that you cannot see any of the cake. Pop the cakes into the freezer for an hour or so to set up.
5. When the cakes have set, fill a pastry bag (with a fancy tip) with white frosting to decorate all around the top edge of the cake. Also decorate around the bottom of the cake. Use colored frosting and different tips to add inspired artistic flair and writing on the cake, as needed. Cover the cakes and keep them in your freezer until party time.
6. When you are ready to serve the cakes, leave them out for 10 to 15 minutes before slicing. Cut the cakes with a sharp knife that has been held under hot water.

Belgian Fries

Yield: 1 Servings

Start by peeling some potatoes. Cut them in slices 1 cm (3/8") thick and finally cut them into fries of 1 cm square. Dry the fries well in paper or a towel before putting them into the oil.

Heat the oil in a hot frying pan or deep fryer to a temperature of 160C (320F). Put in a hand full of fries: not more at once because the oil will cool down too much. Fry for a few minutes (4-8 depending on the thickness and the kind of potatoes), stir.

Finally heat to 190C (375F) and fry for 2 minutes until crispy and golden brown. This way the fries will be crispy on the outside and soft on the inside, the way they should be.

Bennigan's Buffalo Chicken Sandwich

Yield: 1 Servings

oil for deep frying

1/2 c all-purpose flour

1/2 ts salt

1/2 c whole milk

1 boned and skinned chicken

: breast halves

1 hamburger bun

1 leaf

2 sl tomato

1 sl red onion

2 TB Louisiana Hot Sauce or

: Frank's Red Hot

: bleu cheese salad dressing

: on the side

: green leaf lettuce

Preheat the oil to 350 degrees F in a deep fryer or a large frying pan over medium heat. Use just enough oil to cover the chicken breast. Stir together the flour and salt in a medium bowl. Pour the milk into another medium bowl. Trim the chicken of any fat. Cut the thin, pointed end off the breast. Pound on the chicken with a meat-tenderizing mallet to flatten the breast and shape it to fit better on the bun. Dip the chicken in milk, then in the flour, being sure to coat the entire surface of the chicken. Take the coated chicken breast and repeat the process. Let the chicken sit in the refrigerator for 10 to 15 minutes.

Drop the chicken breast into the hot oil and fry for 10 minutes or until the outside becomes golden brown. Drain on paper towels. As the chicken is frying, toast or grill the face of the hamburger bun until light brown. The sandwich is served open face, so place the bun face up on the plate. On the face of the top bun place the leaf of lettuce. On the lettuce stack two slices of tomato. Separate the slice of red onion and place 2 to 3 rings of onion on the tomato slices. When the chicken breast has cooked and drained, place it in a plastic container that has a lid. Pour the hot sauce into the container, put the lid on top, and shake gently to coat the chicken with hot sauce. Be sure to shake only enough to coat the chicken. If you shake too hard, the crispy coating will fall off the chicken. Stack the chicken breast on the bottom half of the hamburger bun and place it on the plate beside the top half of the sandwich. Serve open face, with bleu cheese dressing on the side.

Bennigan's Potato Soup

Yield: 8 Servings

- 1 3/4 oz Ham base
- 2 qt Chicken stock
- 8 oz Yellow onion, dice
- 3 oz Margarine
- 2 lb Potatoes, bite size
- 1 1/2 t Black pepper
- 2 c Milk
- 3 oz Flour
- 3 oz Margarine

Combine chicken stock in sauce pan with ham base.

Stir until lumps are gone. In separate stock pot: melt first margarine measurement; add onion and sautee until transparent. Add potato bite size pieces and pepper.

Add chicken stock mix and stir until well mixed. Bring mixture to a boil. In small pan, melt second margarine measure and add flour to create a roux. It should be light brown in color.

When stock comes to a boil, add roux with a wire whisk. This will cause the soup to start thickening. Return to a boil. Slowly add the milk. If the soup is too thin, make additional roux and add it to the soup.

If you need to do this, be sure to cook the roux until a tan color. This will get rid of the raw flour taste. If the soup is too thick, thin it out with more milk.

1. Prepare the rolls by first unrolling the dough out of the can. Separate the dough into four sections, each made up of two triangles. Detach the triangles by tearing along the diagonal perforation, then reattach the dough along the outside parallel edges, pinching the dough together along the middle. This will make making one bigger triangle. Loosely roll the dough from the wide end, all the way up. Now, bring the ends around so that they overlap and the roll is in the shape of a circle. Press the ends together and place roll onto a baking sheet. Repeat with the remaining dough, then bake following the directions on the package (375 degrees for 11-13 min.).
2. When the rolls are done baking build the sandwich using the above steps 2 through 5 in the recipe for the biscuit sandwich clone. . Makes 4 sandwiches.

California Pizza Kitchen Dakota Smashed Pea & Barley Soup

Yield: 1 Servings

2 c split peas
6 c water
2 14.5-ounce cans chicken
-broth,(4 cups)
1/3 c onion,Minced
1 lg clove garlic,minced
2 t lemon juice
1 t salt
1 t granulated sugar
1/4 t parsley,Dried
1/4 t white pepper
1 ds thyme,Dried
1/2 c barley
6 c water
2 md carrots,diced (about 1 cup)
1/2 stalk celery,diced (1/4
-cup)
Garnish
green onion,Chopped

1. Rinse and drain the split peas, then add them to a large pot with 6 cups of water, chicken broth, onion, garlic, lemon juice, salt, sugar, parsley, pepper, and thyme. Bring to a boil, then reduce heat and simmer for 75 minutes or until the peas are soft.
2. While the peas are cooking, combine the barley with 6 cups of water in a saucepan. Bring to a boil, then reduce heat and simmer for 75 minutes or until the barley is soft and most of the water has been absorbed.
3. When the split pea mixture has become a thick soup, use a hand held blender to puree the peas until the mixture is smooth. You may also use a standard blender or food processor for this step, pureeing the soup in batches. Alternately, if you like, you may skip this step, keeping the soup rather chunky. It's still good this way, just not as smooth as the real thing.
4. Drain the barley mixture in a sieve or colander and add it to the split pea mixture. Add the carrots and celery and continue to simmer the soup for 15 to 30 minutes or until the carrots are tender. Stir occasionally. Turn off the heat, cover the soup, and let it sit for 10 to 15 minutes before serving. Garnish each serving with a little chopped green onion.

Put the peppers and tomatoes on a plate and let them cool.
4. When the tomatoes and peppers have cooled, remove most of the skin from the tomatoes and place them into a food processor. Pinch the stem end from each of the peppers and place them into the food processor as well. Toss out the liquid that remains on the plate.
5. Add the remaining ingredients to the food processor and puree on high speed for 5-10 seconds or until the mixture has a smooth consistency.

Chicken Taquito Ideas

Yield: 1 Servings

Boil boneless, skinless chicken breasts in water with salt, pepper, garlic, slices of onion and celery tops until cooked. Remove chicken and remove fat, etc and tear meat into shreds. (What I do at this point is stop for the day--I take the meat out, put it in a storage bag and then strain the broth and refrigerate them both. The next morning I remove the separated top (fat) that has hardened. I then put the broth in a pan, put the shredded chicken in it, chop up a green pepper (deseeded), an onion, a couple of jalapenos (deseeded), all cut in small pieces, some garlic, more salt and pepper, and then depending on the amount of chicken I put in one or two packs of Taco Bell or your favorite taco seasoning packets. Then I just let it slowly cook for a couple of hours (until the peppers and onion basically disintegrate into the meat), then turn up the heat and boil until all the fluid is boiled away, stirring almost continuously at the end so the meat doesn't burn. Let meat cool so you can touch it. In the meantime take corn tortillas and dip in hot oil just a few seconds to make them limp and drain on paper towels. Then working in an assembly line fashion, pick up enough meat to hold in your three fingers (like your making a homemade cigarette) and put it on one end of a tortilla and roll it up tight and secure it with a toothpick in the middle. I make a bunch and freeze them. Make them all before you cook them because it's too hard to make and cook at the same time. Then just fry in a couple of inches of hot oil and take out and drain on paper towels and salt while warm. Take the toothpicks out after they're cooked. You can also use this meat to make shredded chicken and cheese enchiladas or flautas (taquitos made with flour tortillas). Enjoy--these are really good. I also make these with shredded roast beef and have also made them with shredded pork from pork tenderloin roast.

2. In another small bowl, whisk together egg and milk.
3. Slice each chicken breast into 6 pieces. Preheat 4-6 cups of vegetable oil in a deep fryer to 375 degrees.

6. When the chicken is done resting, drop each piece into the hot oil and fry for 5-6 minutes or until each piece is browned.

You can also use a small saucepan for this step. Just combine the hot sauce and margarine in the saucepan over low heat and stir until margarine is melted and ingredients are blended.
8. When chicken pieces are done frying, remove them to a plate lined with a couple paper towels.
9. Place the chicken pieces into a covered container such as a large jar with a lid. Pour the sauce over the chicken in the container, cover, and then shake gently until each piece of chicken is coated with sauce. 1 c milk, scalded and cooled	----frosting----
3 lg eggs	1 lb butter or margarine
	1 lb cream cheese
1-1/4 ts salt	2 lbs powdered sugar
3-1/2 c all-purpose flour; unsifted	2 ts lemon juice
1/2 c raisins, optional	2 ts vanilla extract
3-1/2 c whole wheat pastry flour, -unsifted	

Combine water, yeast and sugar in large mixing bowl and let stand 5 minutes. Add butter to cooling milk to soften. When cool, add milk mixture to yeast mixture and stir well. Add eggs and salt and stir well with wire whisk. Begin adding all-purpose flour, mixing well with wooden spoon until mixture resembles thick cake batter. Add raisins. Add 2-1/2 cups whole wheat pastry flour. Mix well again until dough is quite sticky and begins to leave sides of bowl. Place 1/2 cup remaining whole wheat pastry flour onto board. Turn dough out and knead about 10 minutes until smooth and shiny, slowly adding more flour if needed. (Dough should be somewhat soft and resilient, almost sticky.)

Shape dough into ball and place in large greased bowl, turning to grease top. Cover with damp towel. Let rise in warm place about 45 minutes or until doubled in bulk. Turn dough onto large floured board. Roll out to 24x20' rectangle. (Dough will be quite thin.)

For filling mix together melted butter, brown sugar and cinnamon. Spread entire rectangle of dough with mixture (it should be very glossy in order to produce syrup). Sprinkle with walnuts. Roll rectangle tightly from long side (filling will be slightly runny and dough will be soft). Make sure seam side is on bottom. Shape with hands to make roll uniform in size from end to end. With very sharp knife, cut roll into 16 equal portions. Place side by side, cut sides up, in 2 well-greased 13'x9'3" metal baking pans. (Glass pans will tend to caramelize syrup too quickly.) Cover with warm, damp towel and let rise in warm place 30 to 40 minutes or until almost doubled in size. Bake at 350 degrees until nicely browned and filling is bubbly, about 35 minutes. Immediately invert onto serving platter or baking sheet, allowing syrup to drip from pan onto rolls . To make frosting: Allow butter and cream cheese to reach room temperature. Beat cream cheese and margarine together in a bowl with a mixer. Slowly add in all powdered sugar. Once all of the sugar is in the bowl, mix for at least an additional 12 minutes. When almost done, add the extracts.

Claim Jumper® Fire-Roasted Artichoke

Roasted Garlic Mayonnaise =====

1/3 c mayonnaise
1 head garlic
1 T olive oil
1/4 t lemon juice
dash salt

Tomato Relish =====

1 md tomato, diced (about 1/2
-cup)
1 clove garlic, minced (about
-1 teaspoon)
1 t onion, Minced
2 basil leaves, minced
1/2 t olive oil
1/2 t balsamic vinegar
1/4 t salt
dash black pepper, Ground

Other ingredients =====

1 lg artichoke
1 T butter, melted

1. Roast the head of garlic by preheating your oven to 325 degrees. Cut the top off of a head of garlic and cut the bottom (the root end) so that the garlic will sit flat. Remove most of the papery skin from the garlic, but leave just enough to hold the garlic together. Drizzle 1 tablespoon of olive oil over the garlic, then place it in a small oven-safe casserole dish. Cover it with a lid or aluminum foil and bake for 1 hour or until the garlic begins to brown.
2. While the garlic is roasting prepare the tomato relish by combining all of the ingredients in a small bowl. Stir well, then cover and refrigerate until needed.
3. Prepare the artichoke by cutting about an inch off the top with a sharp knife. Use scissors to clip the thorny tips off of all the outer leaves so no one gets poked. Cut the artichoke in half down through the middle, then bring some water to a boil in a large saucepan to steam the artichokes. The water should be a couple inches deep in the pan, but not so much as to cover the artichokes. If you have a steamer, that will work as well. When the water is simmering, add the artichokes, cover, and steam for 40 to 45 minutes or until the artichoke is tender. Preheat your barbecue grill to high heat.
4. Squeeze about 1 tablespoon of roasted garlic from the head and combine it with the mayo, lemon juice and salt. Stir well.
5. When the steamed artichokes are cool enough to handle, use a spoon to scrape out the fuzzy choke inside each half. Brush melted butter over the entire surface of each steamed artichoke half and place each half, flat side-down on the preheated grill. Grill for 4 to 6 minutes or until dark charring marks appear on the face of each half. Serve grilled-side-up with tomato relish (strain the liquid from the relish before serving) and roasted garlic mayonnaise on the side.

2 c marshmallow creme (one
-7-ounce jar)
1/2 c shortening
1/3 c powdered sugar

--frosting--
1 c powdered sugar
1/4 c hershey's chocolate syrup
2 T shortening
1/2 t vanilla
dash salt

1. Prepare the cake batter following the directions on the box. If you use Duncan Hines brand, you will need 1 1/3 cups of water, 1/2 cup of oil and three eggs. Preheat oven to 350 degrees.
2. To prepare the cake pans that will make cakes the size of Zingers, tear off 20 pieces of aluminum foil that are each about 8 inches wide. Fold the foil in half and then in half once more so that you have a rectangular piece of foil. Wrap this piece of foil around a small prescription medicine bottle. Tuck in the ends and take the bottle out, leaving the foil open at the top. This will form a little pan. Flatten the bottom so that the mini pan stand up straight. Place this into a baking pan and repeat with the remaining pieces of foil. When you have arranged all of the foil pans in a baking pan, spray the inside of all the pans with non-stick cooking spray. Fill each little pan about halfway with cake batter. Bake cakes for 15- 17 minutes or until a toothpick stuck in the center comes out clean. Remove the cakes from the oven and allow them to cool completely.
3. To make the filling, combine the hot water with the salt in a small bowl and stir until the salt is dissolved. Let this mixture cool.
4. Combine the marshmallow creme, shortening, powdered sugar, and vanilla in a medium bowl and mix well with an electric mixer on high speed until fluffy. Add the salt mixture to the bowl and mix.
5. To make the chocolate frosting, combine all the frosting ingredients in a medium bowl and mix well with an electric mixer until smooth.
6. To assemble your snack cakes first poke three holes with a toothpick or skewer in the top of a cake and swirl around inside the holes making little caverns for your filling.
7. Use a pastry bag with a small tip to squeeze some filling into each hole. Careful not to overfill, or your cake will burst open.
8. Once the cake is filled, use a butter knife to spread frosting on top of the cake over the holes. Drag a fork lengthwise over the frosting making groves, just like the real thing.

1 c butter

3 T water
1 t light corn syrup
1 c fine chop almonds, Toasted
1 c milk-chocolate chips

Melt the butter in a saucepan. Add the sugar, water, and corn syrup.

Cook the mixture over med. heat, stirring. When the sugar dissolves and the mixture begins to boil, raise the heat and bring the mixture to 290F degrees on a cooking thermometer. This is called the soft-crack stage. It will be light brown in color, and syrup will separate into threads that are not brittle when dribbled into cold water. Quickly stir in 1/2 cup chopped almonds. Immediately pour the mixture onto an ungreased baking sheet. Wait 2 or 3 minutes for the candy surface to firm, then sprinkle on the chocolate chips. In a few minutes, when the chips have softened, spread the chocolate evenly over the surface. Sprinkle the remaining almonds over the melted chocolate. When the chocolate hardens, crack the candy into pieces. Store covered. VARIATIONS: To get a candy more like the Heath bar or Hersheys Skor, follow the same directions above except omit step 9.

1 salt

Heat the oil in a deep saucepan over low-med. heat for about 20 minutes. In a med. bowl, mix the sugar into the water until dissolved. Cut the potatoes in half lengthwise, and then into 1/4" strips. Put the potatoes into the sugar solution and soak for 15 minutes. Remove the potatoes and dry them thoroughly on paper towels. The right oil temperature is crucial here. To test the oil, fry a couple of potato slices for 6 minutes. Remove and cool, then taste. The fries should not get too dark too soon and should be soft in the middle. If the oil is too hot, turn it down and test again. The fries should not be undercooked, either. If they are, turn up the heat. When the oil temperature is just right, put all of the potato slices in the oil for 1 minute. This is the blanching stage. Take the fries out of the oil and let them cool. When the fries have cooled, place them into the oil again for 5 minutes, or until golden brown. Remove from the oil and place on a paper towel-covered plate. Salt to taste.

Fiddle Faddle And Screaming Yellow Zonkers

****Fiddle Faddle,(butter-toffee with-- almonds)****

- 3/4 c granulated sugar
- 1/4 c brown sugar
- 1/2 c butter,(1 stick)
- 1/2 c corn syrup
- 1/2 c water
- 1/2 t salt
- 1/2 t vanilla
- 1 1/3 bags plain or -natural-flavored microwave -- popcorn
- 1/2 c roasted almonds

****Zonkers****

- 1 c granulated sugar
- 4 T butter
- 1/2 c corn syrup
- 1/2 c water
- 1/2 t salt
- 1/2 t vanilla
- 1 1/3 bags butter-flavored -microwave popcorn

1. For either recipe, combine sugar, butter, corn syrup, water and salt in a large saucepan over medium heat. You're going to bring the candy to 265-275 degrees, or what is known as the hard ball stage. For this it's best to use a candy thermometer. If you don't have one, don't worry. Drip the candy into a small glass of cold water. If the candy forms a very hard yet slightly pliable ball, bingo, you're there. Watch your mixture closely so that it doesn't boil over.
2. While candy cooks, pop both bags of popcorn and spread about 2 quarts or 1 1/3 bags of popcorn (plus almonds for Fiddle Faddle) on one large or two small cookie sheets. Put the popcorn in your oven set on its lowest temperature. This will keep the popcorn hot so that the candy will coat better.
3. When your candy has reached the hard ball stage, add the vanilla.
4. Pull the popcorn from the oven and, working quickly, pour the candy over the popcorn in thin streams. Mix the popcorn so that each kernel is coated with candy, put the popcorn back into the oven for five more minutes, then stir once again. This will help to coat each kernel. You can repeat this step once more if necessary to get all of the popcorn coated. Pour popcorn onto a large sheet of wax paper to cool. Spread the popcorn out, but be careful...it's hot.
5. When popcorn is cool, break it up and immediately put it into a tightly sealed container, such as Tupperware. This will ensure that it stays fresh. This stuff gets stale very quickly in moist climates if left out. Makes about 4 quarts.

French Fries

- 1 potatoes
- 1 water
- 1 white vinegar
- 1 oil
- 1 crisco

To make French Fries at home, use only long white Burbank Russets. Peel and cut in half lengthwise. It will be easier to manage them when you cut each then into strips with a sharp knife. Place cut sides of potatoes on a board and remove a thin slice from each end and a slice from the rounded longside of it, too. You now have almost a rectangle shape to work with. Slice this into 1/4" thick strips. Place in a deep refrigerator container.

Mix 1 quart water with 1/2 cup white vinegar, repeating it until you have enough to cover potatoes. Cover the container and chill the submerged potatoes several hours. This draws out the starch that makes a fried potato, otherwise limp and holds the grease. Drain them well on paper toweling.

Drop a few at a time, using a French frying basket, into 425 degrees F -- oil, at least 4" deep in heavy 2 1/2 quart saucepan. Let them "blanche" in the oil rather than fry completely, removing the potatoes after 1 minute. At once drop them into a freezer container or on a cookie sheet & place in your freezer for 10 minutes. Return them to the oil to fry till golden brown at that time, draining them well on paper toweling.

Salt them as you wish, which also helps to evaporate any excess grease on the finished potatoes. Most of the salt will fall off when the potatoes are transferred to serving plates.

If the oil is not hot enough the potatoes will be greasy. A good combination is 1 pint corn oil to 1 cup Crisco shortening, using as much as is needed for the amount you are preparing, keeping it 4" deep at 425 degrees F -- in the pan.

Golden Corral Rolls

- 1 envelope active dry yeast
- 1/4 c very warm water
- 1/3 c sugar
- 1/4 c butter (or margarine)
- 1 t salt
- 1 c scalding hot milk
- 1 egg, lightly beaten
- 4 1/2 c all-purpose flour, Sifted
- 2 T butter (or margarine), Melted
-for brushing rolls

Sprinkle the yeast over very warm water in a large bowl (Very warm water should feel comfortably warm when dropped on wrist.) Stir until yeast dissolves. Add sugar, the 1/4 cup butter or margarine and salt to hot milk and stir until the sugar dissolves and butter or margarine is melted. Cool mixture to 105 to 115 degrees. Add milk mixture to yeast, then beat in egg. Beat in 4 cups of the flour, 1 cup at a time, to form a soft dough. Use some of the remaining 1/2 cup of the flour to dust a pastry cloth. Knead the dough lightly for 5 minutes, working in the remaining flour (use it for flouring the pastry cloth and your hands). Place dough in a warm buttered bowl; turn greased side up. Cover and let rise in a warm place until doubled in bulk, about 1-1/4 to 1-1/2 hours. Punch dough down and knead 4 to 5 minutes on a lightly floured pastry cloth. Dough will be sticky, but use as little flour as possible for flouring your hands and the pastry cloth, otherwise the rolls will not be as feathery light as they should be. Pinch off small chunks of dough and shape into round rolls about 1-1/2 to 1-3/4 inches in diameter. Place in neat rows, not quite touching, in a well-buttered 13 x 9 x 2 inch pan. Cover rolls and let rise in a warm place until doubled in bulk, 30 to 40 minutes. Brush tops of rolls with melted butter or margarine, then bake in a 375 degree oven for 18 to 20 minutes or until nicely browned. Serve warm with plenty of butter.

This recipe yields about 2 dozen rolls.

Hamburgers At Home

hamburger (1/4 pound per
-person
1 T oil

Use only ground round. Allow 1/4 lb. per person. Shape that much into 2 thin patties (use the lid to an 8 oz. margarine cup in which to shape the patties). Press hamburger into lid evenly. Makes it very flat & uniform in size. It drops right out when you bend the lid a bit. Place each patty on a square of waxed paper, stacking these in a coffee can, with a tight fitting lid. Freeze them this way to use within 3 months, removing only as many patties as you need at a time. Lightly oil a flat grill, the kind you would ordinarily use for making pancakes. Get the grill HOT and sear each patty quickly in about 1 Tablespoon oil -- turning only once to sear the other side. Then depending on the degree of doneness, adjust heat to medium-low for additional cooking. Do not use a skillet with collared sides or you'll trap in vapors, moisture and you will be "frying" the hamburgers rather than searing them.

1 Yellow Summer Squash
1/4 Eggplant
1/4 c Olive Oil
2 Sourdough French Roll
1 TB Parmesan Cheese -- Grated
8 Onion Ring Slices
4 sl Tomato
2 Pieces Red Leaf Lettuce

Preheat the barbecue or stovetop grill. To prepare spread, put 3 tbsp of the mayo into a small bowl and add the parsley, oregano, and a pinch of salt. Set this and the remaining mayo aside until you're ready to make the sandwich. Prepare the bell pepper by cutting it into quarters and seeding it. Brush the entire surface with olive oil. Slice the zucchini, squash, and eggplant into lengthwise slices with oil as well. Cook the red pepper on a hot grill for 2 or 3 minutes. At that point add the remaining vegetables to the grill and cook everything for 4 to 5 minutes or until all the vegetables are tender. Be sure to salt the vegetables and turn them halfway through the cooking time. When the veggies are tender and begin to char, remove them from the grill and prepare each sandwich by first cutting the french rolls in half lengthwise through the middle. Spread the parsley-mayo mixture over the bottom of the rolls. Arrange the zucchini onto the rolls. Stack the yellow squash and then the eggplant. Peel the skin off the red peppers and then add to the sandwiches. Arrange the onions over the peppers. Divide the parmesan cheese and sprinkle it over the peppers. Arrange the onions and tomato slices next. Add the lettuce and spread the mayo on the top of the rolls. Close sandwiches and cut in half. Pierce each half with a toothpick and serve.

Hard Rock Cafe Pig Sandwich

Marinated Cabbage 2 T white vinegar 1 T granulated sugar 4 c thinly-sliced cabbage 4 c hickory smoking chips **Spice Rub** 2 T kosher salt 2 t black pepper, Cracked 1 t paprika 1/2 t onion powder 1/2 t sage, Ground 1/2 t thyme 1/4 t cayenne	**other** 1 boneless pork loin roast, (3 - to 4 pounds) vegetable oil **Sauce** 2 15-ounce cans tomato puree 1 c white vinegar 3/4 c brown sugar 2 T vegetable oil 1/2 t onion powder 1/2 t liquid smoke, (hickory) 1 clove garlic, minced 1/4 t salt 1/4 t black pepper, Coarse Ground 8 Kaiser rolls
--	---

1. Make the marinated cabbage at least one day prior to building your sandwiches. Like cole slaw, this garnish needs some time to develop in the fridge. Combine the vinegar and sugar in a medium bowl. Add the cabbage, stir, cover the bowl and store it in the refrigerator until you are ready to make the sandwiches.
2. Put the wood chips in a bowl and cover with water. Let the wood soak for at least 1 hour. Light the charcoal after it has been arranged around the inside edge of your grill. You don't want coals directly under your pork. When the coals are hot, drain the water from the wood chips and sprinkle the chips over the top of the coals. You should now have smoke.
3. Combine the spices for the rub in a small bowl and mix well.
4. Rub some vegetable oil over the surface of the pork roast. Sprinkle the spices over the entire surface of the roast.
5. Place the roast in the center of your grill and put the lid on. Let the pork cook for 3 to 4 hours or until the internal temperature of the roast reaches 175 to 180 degrees.
6. As the pork cooks, make the sauce by combining the ingredients in a medium saucepan over medium/low heat. Let the sauce simmer for 15 to 20 minutes, then cover and remove from heat. Set this aside until your pork is ready.
7. When the pork is done, remove it from the grill and let it sit to cool for 15 to 20 minutes or until you can handle it. Now you want to tear the meat along the grain, making bite-size strips of shredded pork.
8. Put the shredded pork into a large saucepan over medium heat. Add 2 cups of the sauce to the pan and stir. Keep the rest of the sauce for later to serve on the side. Cook the pork for 15 minutes or until it is heated through.
9. Grill the faces of the rolls and stack about 1 cup of pork onto the bottom half of each roll. Add a rounded tablespoon of marinated cabbage on top of the pork, add a tablespoon or so of extra sauce on top of that, then cap off each sandwich with the top half of the roll.

Hershey Payday Candy Bar

****Centers****

- 1/4 c whole milk
- 5 unwrapped caramels
- 1 T light corn syrup
- 1 t peanut butter
- 1/4 t vanilla
- 1/4 t salt
- 1 1/4 c powdered sugar

****Outside****

- 20 unwrapped caramels
- 1 1/2 t water
- 2 c dry roasted peanuts

1. Combine all ingredients for the centers, except the powdered sugar, in a small saucepan over low heat. Stir often as the caramel slowly melts. When the mixture is smooth, add 3/4 cup of powdered sugar. Stir. Save the remaining 1/2 cup of powdered sugar for later.
2. Use a candy thermometer to bring the mixture to exactly 230 degrees, stirring often, then turn off the heat.
3. When the temperature of the candy begins to drop, add the remaining 1/2 cup powdered sugar to the pan, then use a hand mixer on high speed to combine. Keep mixing until the candy cools and thickens and can no longer be mixed. That should take a minute or two.
4. Let the candy cool in the pan for 15 to 20 minutes, or until it can be touched. Don't let it sit too long -- you want the candy to still be warm and pliable when you shape it. Take a tablespoon-size portion and roll it between your palms or on a countertop until it forms a roll about 4 1/2-inches long. Repeat with the remaining center candy mixture and place the rolls on wax paper. You should have 8 rolls. Let the center rolls sit out for an hour or two to firm up.
5. Combine the 20 caramels with the 1 1/2 teaspoons of water in a small saucepan over low heat. Stir often until the caramels melt completely, then turn off the heat. If you work fast this caramel will stay warm while you make the candy bars.
6. Pour the peanuts onto a baking sheet or other flat surface. Using a basting brush and working quickly, "paint" a coating of caramel onto one side of a center roll. Quickly turn the center over, caramel-side-down, onto the peanuts and press gently so that the peanuts stick to the surface of the candy. Paint more caramel onto the other side of the roll and press it down onto the peanuts. The candy should have a solid layer of peanuts covering all sides. If needed, brush additional caramel onto the roll, then turn it onto the peanuts to coat the roll completely. Place the candy bar onto wax paper, and repeat with the remaining ingredients. Eat when completely cool.

Makes 8 candy bars.

Honeybaked® Ham Glaze

- 1 fully-cooked shank half ham
 - bone-in (pre-sliced, is be
- 1 c sugar
- 1/4 t cinnamon, Ground
- 1/4 t nutmeg, Ground
- 1/4 t clove, Ground
- 1/8 t paprika
- dash ginger, Ground
- dash allspice, Ground

1. First you must slice your ham. Use a very sharp knife to cut the ham into very thin slices around the bone. Do not cut all the way down to the bone or the meat may not hold together properly as it is being glazed. You want the slices to be quite thin, but not so thin that they begin to fall apart or off the bone. You may wish to turn the ham onto its flat end and cut around it starting at the bottom. You can then spin the ham as you slice around and work your way up.
2. Mix the remaining ingredients together in a small bowl.
3. Lay down a couple sheets of wax paper onto a flat surface, such as your kitchen counter. Pour the sugar mixture onto the wax paper and spread it around evenly.
4. Pick up the ham and roll it over the sugar mixture so that it is well coated. Do not coat the flat end of the ham, just the outer surface which you have sliced through.
5. Turn the ham onto its flat end on a plate. Use a blow torch with a medium-size flame to caramelize the sugar. Wave the torch over the sugar with rapid movement, so that the sugar bubbles and browns, but does not burn. Spin the plate so that you can torch the entire surface of the ham. Repeat the coating and caramelizing process until the ham has been well-glazed (don't expect to use all of the sugar mixture). Serve the ham cold or re-heated,

How To Make Real Belgian Fries!

Start by peeling some potatoes. Cut them in slices 1 cm (3/8") thick and finally cut them into fries of 1 cm square. Dry the fries well in paper or a towel before putting them into the oil.

Heat the oil in a hot frying pan or deep fryer to a temperature of 160C (320F). Put in a handfull of fries: not more at once because the oil will cool down too much. Fry for a few minutes (4-8 depending on the thickness and the kind of potatoes), stir regularly to prevent sticking. Put the fries into a large bowl with kitchen paper and let them 'sweat' for at least 1/2 hour.

Finally heat to 190C (375F) and fry for 2 minutes until crispy and golden brown. This way the fries will be crispy on the outside and soft on the inside, the way they should be!

4. When the chicken has marinated, transfer each piece to paper towels so that excess liquid can drain off. Working with one piece at a time, first coat the chicken with the dry flour mixture, then the egg and milk mixture, and then back into the flour. Be sure that each piece is coated very generously. Stack the chicken on a plate or cookie sheet until each piece has been coated.
5. Drop the chicken, one piece at a time into the hot oil. Fry half of the chicken at a time (4 pieces) for 12-15 minutes, or until it is golden brown. You should be sure to stir the chicken around halfway through the cooking time so that each piece cooks evenly.
6. Remove the chicken to a rack or towels to drain for about 5 minutes before eating.

Legal's New England Clam Chowder

- 4 qt Littleneck clams, scrub well
- 1 c Water
- 1 Garlic Clove, mince
- 2 oz Salt pork, chop fine
- 2 c Onions, chop
- 3 T All-purpose flour
- 4 1/2 c Clam broth
- 3 c Fish stock
- 1 1/2 lb Potatoes, peel; dice
- 2 c Light cream
- Oyster crackers, opt

In a large covered saucepot over med-high heat, heat the water to boiling. Add the clams and garlic and cook for 6 to 10 minutes, or until the clams have just opened.

Drain the clams, reserving the broth. Strain the broth through coffee filters or several layers of cheesecloth to remove any traces of grit.

Remove the clams from their shells and chop them finely. In a large heavy saucepot, cook the salt pork over low heat until the fat is rendered and becomes liquid.

Using a slotted spoon, remove the "cracklings" and reserve them. Add the onions to the fat and cook over med-high heat for 5 to 7 minutes, or until softened but not browned.

Stir in the flour and cook for 3 minutes, stirring constantly.

Add the reserved clam broth, the 4-1/2 c of clam broth and the fish stock, whisking to remove any lumps. Bring the liquid to a boil, then add the potatoes, reduce the heat and simmer for about 15 minutes, or until the potatoes are cooked through. Stir in the clams, salt pork and the light cream.

Heat the chowder until it is the temperature you prefer. Serve with oyster crackers.

Little Caesar's Crazy Bread

10 oz Pillsbury Pizza Dough Tube
2 T butter
1 t garlic salt
Kraft 100% Parmesan, Grated
-Cheese

Preheat the oven to 425 degrees F.

Unroll the dough on a cutting board.

Position it lengthwise (longer from left to right than from top to bottom). With a sharp knife, cut the dough in half down the middle. Then cut each of those halves vertically in half, and then in half once more so that you have 8 even strips of dough.

Being careful not to stretch the dough, place each strip on a lightly greased cookie sheet and bake for 6 to 8 minutes, or until the top just turns golden brown.

While the dough bakes, melt the butter (on the stove or in the microwave on high for 15 to 20 seconds), then add the garlic salt and stir until it dissolves. Remove the browned dough from the oven and with a pastry brush or spoon spread a coating of garlic butter over each piece.

Sprinkle a generous amount of Parmesan cheese on each.

Lone John Sliver

2 1/2 lb fish fillets

1 oil

1/2 c beer

1/2 c self-rising flour

THE BATTER =====

2/3 c beer

1/3 c lemon juice

1 egg

1/2 c bisquick

1/2 c self-rising flour

THE BATTER: In a 1 1/2 quart mixing bowl, with wire whisk, whip 2/3 cup beer, lemon juice, egg, Bisquick, and 1/2 cup self-rising flour together till smooth. Then let it stand ten minutes at room temperature before using. Meanwhile place two soup or cereal bowls on counter near the stove so that you can work quickly in coating food and getting it into the hot oil.

In one small bowl put 1/2 cup beer and into the other put 1/2 cup self-rising flour. Have a cookie sheet on hand. Cover half of it with paper towels for draining the fried foods. The other half leave plain for drying the coated food before you dip it into batter.

Allow 1 1/2 to 2 1/2 lbs. fish fillets to serve 4 people. Cut each fillet in half to resemble triangles. Dip 1 piece at a time, first into beer. Let excess drip off. Coat lightly then in the self-rising flour.

Place floured pieces on cookie sheet to dry 2 or 3 minutes. Then spear piece with 3-tined fork or tip of sharp knife & coat in prepared batter...evenly but lightly, letting excess drip back into bowl of batter.

Fry few pieces at a time in 385 to 400 degrees F oil, at least 2 1/2" to 3" deep in heavy saucepan or use electric fry pan with temperature control dial to regulate heat of oil.

Allow about 3 or 4 minutes per side for each piece of batter-coated fish, turning once to brown other side. Remove from oil with tip of sharp knife. Drain on paper towel. Keep warm on cookie sheet in 300 degree F oven till all pieces have been fried.

SHRIMP-DEEP FRIED: Substitute large or jumbo shrimp preferably frozen, cooked, ready to serve shrimp, that have been completely thawed, following the Lone John Sliver recipe exactly, using the shrimp in place of the fish triangles. Be sure to dip the shrimp 1st in the beer and then into the self-rising flour before coating in prepared batter. Fry as directed for fish in above recipe. 1 pound serves 4.

M&M/Mars 3 Musketeers

- 3 c granulated sugar
- 3/4 c light corn syrup
- 3/4 c water
- 1/8 t salt
- 3 egg whites
- 1/3 c semisweet chocolate chips
- 2 bags milk chocolate chips
- 1 (12-ounce bags)

1. In a large saucepan over medium heat, combine the sugar, corn syrup, water, and salt. Heat, stirring, to boiling, then continue to cook, using a candy thermometer to monitor the temperature.
2. Beat the egg whites until they are stiff and form peaks. Don't use a plastic bowl for this.
3. When the sugar solution comes to 270 degrees F, or the soft-crack stage, remove from the heat and pour the mixture in thin streams into the egg whites, blending completely with a mixer set on low speed.
4. Continue to mix until the candy begins to harden to the consistency of dough. This may take as long as 20 minutes. At this point, add the semisweet chocolate chips. Remember that the candy must already be at the consistency of dough when you add the chocolate; the nougat will thicken no more after the chocolate is added.
5. When the chocolate is thoroughly blended and the nougat has thickened, press it into a greased 9x9-inch pan. Refrigerate until firm, about 30 minutes.
6. With a sharp knife, cut the candy in half down the middle of the pan. Then cut across into 7 segments to create a total of 14 bars.
7. Melt the milk chocolate chips in the microwave for 2 minutes on half power, stirring halfway through the heating time. Melt completely, but be careful not to overheat.
8. Resting a bar on a fork (and using your fingers if needed), dip each bar into the chocolate to coat completely and place on wax paper. Cool till firm at room temperature, 1 to 2 hours.

Makes 14 candy bars.

M&M/Mars Snickers Bar

1/4 c light corn syrup
2 T butter, softened
1 t vanilla extract
1/8 c creamy peanut butter dash
-salt
3 c powdered sugar
35 unwrapped kraft caramels
1 c dry-roasted peanuts, Unsalted
12 oz milk-chocolate chips

With the mixer on high speed, combine the corn syrup, butter, vanilla, peanut butter, and salt until creamy. Slowly add the powdered sugar. When the mixture has the consistency of dough, remove it from the bowl with your hands and press it into a lightly greased 9x9" pan. Set in the refrigerator.

Melt the caramels in a small pan over low heat. When the caramel is soft, mix in the peanuts. Pour the mixture over the refrigerated nougat in the pan. Let this cool in the refrigerator.

When the refrigerator mixture is firm, melt the chocolate over low heat in a double boiler or in a microwave oven set on high for 2 minutes. Stir halfway through cooking time.

When the mixture in the pan has hardened, cut into 2x1" sections.

Set each chunk onto a fork and dip into the melted chocolate. Tap the fork against the side of the bowl or pan to knock off any excess chocolate. Then place the chunks on waxed paper to cool at room temperature (less than 70 degrees.) This could take several hours, but the bars will set best this way. You can speed up the process by placing the bars in the refrigerator for 30 minutes.

1/2 c + 2 tb. water
1 pn salt
2 egg whites
35 kraft caramels
2/3 c whole roasted almonds
24 oz milk chocolate chips

In a large saucepan over medium heat, combine the sugar, corn syrup, 1/2 cup of the water, and the salt. Heat to boiling, then cook using a candy thermometer to monitor the temperature.

Beat the egg whites until they are stiff and form peaks. Don't use a plastic bowl for this.

When the sugar mixture reaches 270F, or the soft crack stage. Remove from the heat and pour the mixture in thin streams into the egg whites, blending completely with an electric mixer set on low.

Continue to mix about 20 minutes or until the nougat begins to harden and thickens to the consistency of dough. Mix in the almonds.

Press the nougat into a greased 9 x 9 inch pan and chill until firm about 30 minutes.

Melt the caramels with the remaining 2 tb. water in a small saucepan over medium heat.

Pour the caramel over the nougat and return the pan to the refrigerator.

When the caramel and nougat are firm (about 30 min), slice down the middle of the pan with a sharp knife and then slice across into 7 segments to make a total of 14 bars.

Melt the milk chocolate chips in a microwave for 2 minutes on half power, stirring halfway through the cooking time. Melt completely, but be careful not to overheat.

Resting the bar on a fork (and use fingers if needed) dip each bar into the chocolate to coat completely and tap the fork against the side of the bowl to knock off the excess chocolate. Place on waxed paper and let cool at room temperature until the chocolate is firm 1-2 hours.

Mcdonald's French Fries

2 lg russet potatoes
1 48 -ounce can shortening
salt

Recommended: 1/4-inch potato slicer

1. Peel the potatoes, dry them and slice using a mandolin or other slicer with a setting as close to 1/4-inch square strips as you've got.
2. Rinse the fries in a large bowl filled with around 8 cups of cold water. The water should become milky. Dump the water out and add another 8 cups of cold water plus some ice and let the fries sit for an hour.
3. Spoon the shortening into your deep fryer and set it to 375 degrees. On many fryers this is the highest setting.
4. Remove the fries from the water and spread them out on a towel to dry for 10-15 minutes. Don't let them sit much longer than this or they will begin to turn brown.
5. The oil should now be hot enough for the blanching stage. Split up the fries and add them to the oil for 1 1/2 minutes at a time. Watch them carefully to be sure they don't begin to brown. If they start to brown on the edges, take 'em out. Remove the fries to paper towels to drain and cool. When the fries have cooled, put them into a resealable bag or covered container and freeze for 4 to 5 hours or until the potatoes are completely frozen. As the fries freeze you can turn off the fryer, but turn it back on and give it plenty of time to heat up before the final frying stage for your fries.
6. Split up the frozen fries and add one half at a time to the hot oil. Fry for 4 1/2 to 6 minutes or until the fries have become a golden brown color and are crispy on the outside when cool. The second batch may take a tad longer than the first, since the oil may have cooled. Drain the fries to paper towels and salt generously.

Mcdonald's Ham And Egg Breakfast Bagel Sandwich

****Sauce ****

2 T mayonnaise

1 t creamy dill mustard

****other****

4 eggs

1 t butter

salt

black pepper,Ground

8 -ounces deli-sliced ham -(2-3 per,Slices -- sandwich)

4 plain bagels

8 sl Kraft Singles American cheese

1. First prepare the sauce by combining the mayonnaise with the dill mustard in a small bowl. Set this aside until you are ready to use it.
2. To prepare the eggs it's best to make one at a time in a small 6-inch skillet. If you have more than one of these small pans, you can save a little time.
3. Beat an egg in a small bowl with a whisk until it is smooth, but not foamy. Add a pinch of salt and pepper to the egg. Heat a small 6-inch skillet over low heat. Add 1/4 teaspoon of butter to the pan. When the butter has melted add the egg to the pan. Swirl the pan so that the egg spreads evenly. As the egg begins to cook, use a spatula to pull in a couple of the edges so that raw egg flows from the top onto the hot pan. Cook for 2 to 3 minutes, then fold over one of the edges of the egg using a spoon or fork. Fold it down about an inch. Fold the opposite end over as well. Then fold the remaining two edges over, creating a small rectangular or square mini-omelette. Flip the little omelette over and turn off the heat.
4. Heat up the ham in a covered dish in the microwave for 1 minute. This will make it hot, and keep it from drying.
- 5.Slice a bagel in half and place it with the faces up on a baking sheet. Grill the faces of the bagel halves in your oven set on broil until golden brown. You may also use a toaster oven for this step, but be sure to place the sliced bagel halves onto a small baking sheet or on aluminum foil.
6. When the bagels are toasted, spread about 1/2 tablespoon of the sauce onto the face of the top bagel half.
7. Place a slice of cheese onto the face of each bagel half.
8. Place the finished omelette onto the cheese on the bottom half of the sandwich.
9. Place the ham onto the egg.
10. Finish by flipping the top half of the sandwich over onto the bottom. Heat for 15 seconds in microwave if needed to warm.

Mcdonald's Hot Apple & Cherry Pies

4-6 c vegetable oil (in fryer)
1 pk pillsbury apple or cherry
-turnover; in refrigerated section

Preparation:

1. Unroll the Pillsbury turnover dough. You will have six 3'x3' pieces. You will use four of them. Stretch them out to about 4'x5' rectangles. Do this on waxed paper.
2. Spread 1/2 of the pie filling on one dough, and the other half on another, leaving about 1/2' of dough around edges. Clear a 3/4' space lengthwise down the middle of both.
3. Place the remaining two doughs on top of the two with the filling. Crimp the edges. You'll have what looks like two giant pop-tarts.
4. Cut both of them precisely down the middle, in that 3/4' space you created. Crimp those two edges.
5. Manipulate as needed to form an attractive, uniform shaped pie. They should look like small burritos, only crimped around the edges.
6. Place all four, flat on waxed paper, in the freezer. After about 45 minutes, spray all sides of each pie with water mist. Return to the freezer for at least another hour.
7. Place in a freezer bag and seal for future use, or get ready to deep-fry them.

Cooking Your Pies

1. Pre-heat your deep fryer to 375. Also pre-heat your oven to warm.
2. Quickly dip a frozen pie in cold water, making sure to immerse it entirely.
3. Drop the pie into the hot oil. Be careful---it will most likely splatter. After all the pies are in the fryer, place your spare fryer basket over the top. ('Sandwiching' the pies between the two baskets.) This ensures the pies are fully submerged. It is important that the pies are fully submerged or a good portion of it won't cook correctly.
4. Cook 5-7 minutes. Check after 5 minutes---the color should be a golden brown. The older the oil, the sooner the it will turn brown, and that may give you a false reading. 6 minutes is generally right.
5. After deep frying, carefully remove the cooked pies and drain for 1 minute on paper towels. Then place directly on the oven rack in your warmed oven. Warm for at least 10 minutes, and as long as 30 minutes.

Nabisco Cheese Nips

-Cheese Topp
-- powder
(or 2 packages dry cheese
-powder for
-- boxes Kraft macaroni &
-cheese)
- 3 T shortening
- 1/3 c buttermilk
- 1/2 t salt, (for tops, optional)

1. Sift together 1 cup flour, baking soda, baking powder and cheese powder in a large bowl.
2. Cut in the shortening with a fork and knife with a crosswise motion until dough is broken down into rice-size pieces. Mixture will still be very dry.
3. Stir in buttermilk with a fork until dough becomes very moist and sticky.
4. Sprinkle a couple tablespoons of the reserved flour over the dough and work it in until it can be handled without sticking, then turn it out onto a floured board, being sure to keep 1/4 cup of the reserve flour for later. Knead the dough well for 60 to 90 seconds, and the flour is incorporated. Wrap the dough in plastic wrap and chill for at least one hour.
5. Preheat oven to 325 degrees. Spray a light coating of cooking spray on a baking sheet.
6. Remove the dough from the refrigerator and use the remaining reserve flour to dust a rolling surface. Roll about one-third of the dough to just under 1/16th of inch thick. Trim the edges square (a pizza cutter or wheel works great for this), then transfer the dough to a lightly greased baking sheet. Use the rolling pin to transfer the dough. Simply pick up one end of the dough onto a rolling pin, and roll the dough around the rolling pin. Reverse the process onto the baking sheet to transfer the dough.
7. Use a pizza cutter to cut across and down the dough, creating 1-inch square pieces. Use the blunt end of a skewer or broken toothpick to poke a hole in the center of each piece.
8. Sprinkle a very light coating of salt over the top of the crackers (crackers will already be quite salty) and bake for 8-10 minutes, mix the crackers around (so those on the edge don't burn) and bake for another 3-5 minutes, or until some are just barely turning a light brown. Repeat the rolling and baking process with the remaining dough.

Makes approximately 300 crackers.

Original Tommy's World Famous Hamburgers

<p>**Chili**</p> <p>1 lb ground beef,(not lean)* 1/4 c flour plus 1 1/4 cups flour 1 1/3 c beef broth 4 c water 3 T chili powder 2 T grated,(and then chopped) carrot 1 T white vinegar 2 t minced onion,Dried 2 t salt 1 t granulated sugar 1 t paprika 1/4 t garlic powder</p>	<p>**Burger**</p> <p>3 lb beef,Ground 8 hamburger buns 16 sl Kraft cheddar cheese Singles 1/2 c onion,Diced 32 hamburger pickles,(slices),- up to 40 8 sl large beefsteak tomato -(1/2-inch thick) 1/4 c yellow mustard</p>
--	--

1. Prepare the chili by first browning the meat in a large saucepan over medium heat. Crumble the meat as it browns. When the meat has been entirely cooked (7 to 10 minutes), pour the meat into a strainer over a large cup or saucepan. Let the fat drip out of the meat for about 5 minutes, then return the meat back to the first saucepan. Cover and set aside.
 2. With the fat from the meat, we will now make a roux Heat the drippings in a saucepan over medium heat (you should have drained off around 1/2 cup of the stuff). When the fat is hot, add 1/4 cup flour to the pan and stir well. Reduce heat to medium/low, and continue to heat the roux, stirring often until it is a rich caramel color. This should take from 10 to 15 minutes. Add the beef broth to the pan and stir. Remove from heat.
 3. Meanwhile, back at the other pan, add the water to the beef, then whisk in the remaining 1 1/4 cups flour. Add the roux/broth mixture and the other chili ingredients and whisk until blended. Make sure your grated carrot is chopped up to the size of rice before you add it.
 4. Crank the heat up to medium/high. Stir often until you see bubbles forming on the surface of the chili. Turn the heat down to medium/low, and continue to simmer for 15 to 20 minutes, or until thick. The chili should be calmly bubbling like lava as it simmers. When it's done cooking, take the chili off the heat, cover it, and let it sit for 30 minutes to an hour before using it on the burgers. It should thicken to a tasty brown paste as it sits.
 5. To make your hamburgers, you'll first divide 3 pounds of hamburger into 16 portions of 3 ounces each. Grill the burgers on in a hot skillet or on an indoor griddle for 4 to 5 minutes per side or until done. Use some salt and pepper on each patty.
 6. Build the burgers by lightly toasting the faces of the hamburger buns. Turn them over into a hot skillet or a griddle on medium heat.
 7. Place one patty onto the bottom bun.
 8. Position two slices of cheese on the meat.
 9. Place another beef patty on the cheese.
 10. Spoon about 1/3 cup of chili onto the beef patty.
 11. Sprinkle about 1 tablespoon of diced onion onto the chili.
 12. Arrange 4 to 5 pickle slices on the onion.
 13. Place a thick slice of tomato on next.
 14. Spread mustard over the face of the top bun and top off your hamburger by turning this bun over onto the tomato.
- Makes 8 burgers. (6 cups of chili.)

Outback Steakhouse Alice Springs Chicken

- 1 ***honey mustard
- 1 marinade***
- 1/2 c dijon mustard
- 1/2 c honey
- 1 1/2 t vegetable oil
- 1/2 t lemon juice
- 4 skinless boneless chicken
-breast
- 1 T vegetable oil
- 2 c mushrooms,Sliced
- 2 T butter
- 1 paprika
- 8 sl bacon --,Cooked
- 1 c monterey jack,Shredded
-cheese
- 1 c cheddar cheese,Shredded
- 2 t finely fresh parsley,Chopped

Use an electric mixer to combine the mustard, honey, 1 1/2 t oil and lemon juice in a small bowl. Whip the mixture for about 30 seconds. Pour about 2/3 of the marinade over the chicken breasts and marinate them, covered, in the refrigerator for about two hours. Chill the remaining marinade until later. After the chicken has marinated, preheat the oven to 375F and heat up an oven-proof frying pan large enough to hold all four breasts and 1 T oil over medium heat. (if you don't have an oven-proof skillet, transfer the chicken to a baking dish for baking). Sear the chicken in the pan for 3-4 minutes per side or until golden brown. Remove the pan from the heat, but keep the chicken in the pan.

As the chicken is cooking, saute the sliced mushrooms in butter in a small pan. Brush each chicken breast with a little of the reserved marinade (NOT the portion the chicken soaked in), being sure to save a little extra that you can serve on the side later. Season the chicken with salt, pepper and a dash of paprika. Stack two pieces of bacon, crosswise, on each chicken breast. Spoon the sauteed mushrooms onto the bacon, being sure to coat each breast evenly.. Sprinkle 1/4 c of Monterey Jack cheese onto each breast followed by 1/4 c of Cheddar. Bake the pan of prepared breasts for 7-10 minutes or until the cheese is thoroughly melted and starting to bubble.. Sprinkle each breast with 1/2 t parsley before serving. Put extra honey mustard marinade in a bowl to serve on the side.

Outback Steakhouse Aussie Fries

2 lb bag of french fries,Frozen
1 c colby jack cheese,Shredded
6 pieces of bacon,cooked

Dipping Sauce =====

1 16 oz bottle ranch dressing
2 t paprika
1 t cayenne pepper
1 t thyme,Dried
1 t oregano,Dried
1 t white pepper
1 t black pepper
1 T kosher salt
1 T garlic powder
1 T onion powder

Mix together ingredients for dipping sauce, and chill. Divide the fries into half, and use the other half later. Heat oil to 350 degrees. If you do not have a thermostat, make sure the oil is hot enough, so that when you set a French fry in there it will cook immediately. If the French fry sinks to the bottom, and barely bubbles, it is not hot enough.

Fry the potatoes in small batches, they are done when they are golden brown, and float to the top of the skillet. (I like to use a Dutch Oven). Be sure to drain the potatoes on paper towels. You can keep them warm in the oven while the other fries are done. When all French fries are done cooking and drained place them onto a platter. Salt the French fries if you like, and sprinkle on cheese and cooked bacon. Pop these back into a warm oven until the cheese begins to melt.

1. For candied pecans, combine 1/2 cup granulated sugar, 2 tablespoons water, 1 teaspoon butter, and 1/2 teaspoon cinnamon in a small saucepan over medium heat. Heat until mixture boils and all sugar granules are dissolved.
2. Add chopped pecans to mixture and stir for 1 to 2 minutes over heat. Be sure that all pecans are well-coated.
3. Pour mixture onto a large plate and continue to stir until mixture hardens and begins to break up. You should be able to separate all of the nuts.
4. For the croutons, preheat the oven to 300 degrees. Pour the slice bread cubes onto an ungreased cookie sheet and bake for 15 to 20 minutes or until the bread has turned light brown. Stir halfway through cooking time.
5. Melt the butter in a skillet over medium heat. Pour baked croutons into the pan and saute until the bread is well-coated with butter. Combine the 2 tablespoons of sugar and 1/2 teaspoon of cinnamon in a small bowl. Sprinkle this mixture over the croutons while stirring so that the croutons are well-coated with cinnamon/sugar. Remove croutons from the heat and pour them onto a plate to cool.
6. Prepare apples by carefully mixing them with 1/4 teaspoon cinnamon and 1 tablespoon of brown sugar in a large bowl. You want to be sure you don't stir hard enough to break up the apples. Microwave the apple for 1 to 2 minutes or until hot.
7. To assemble the dessert for serving, first roll four cup-size scoops of ice cream in the pecan pieces. You can do this step ahead of time if you like, keeping the pecan-covered scoops in your freezer.
8. Place an ice cream scoop onto a small plate, then pour about a tablespoon of caramel over the ice cream. Dribble another tablespoon around the base of the ice cream onto the plate.
9. Spread the hot apples around the base of the ice cream being sure to divide them evenly amongst the four servings.
10. Divide the croutons into four portions and sprinkle them on the apples around the base of the ice cream scoop on each plate.
11. Spread a generous portion of whipped cream onto the top of each scoop of ice cream.
12. Top off each dish with a fresh strawberry.

12 jumbo shrimp
: paprika
: Marmalade sauce for dipping
2 ts stoneground mustard ***
1 ts prepared horseradish
: ds salt
1/2 c orange marmalade

*** Stone-ground mustard with whole-grain mustard seed. For the batter, use an electric mixer to combine the beer, flour, 1/2 cup coconut flakes, sugar, and salt in a medium sized bowl. Outback Steakhouse Honey Wheat Bushman Bread

****Dough****

- 1 1/2 c water, Warm
- 2 T butter, softened
- 1/2 c honey
- 2 c bread flour
- 1 2/3 c wheat flour
- 1 T cocoa
- 1 T granulated sugar
- 2 t coffee, Instant
- 1 t salt
- 2 1/4 t yeast, (1 pkg.)

****Coloring****

- 1/4 c water
- 75 dr red food coloring
- 45 dr blue food coloring
- 30 dr yellow food coloring
- cornmeal for dusting

1. If using a bread machine, add all of the ingredients for the dough in the exact order listed into the pan of your machine. Set it on "knead" and when the machine begins to mix the dough, combine the food coloring with 1/4 cup of water and drizzle it into the mixture as it combines. After the dough is created let it rest to rise for an hour or so. Then remove it from the pan and go to step #3.
2. If you are not using a bread machine, combine the flours, cocoa, sugar, coffee and salt in large bowl. Make a depression or "well" in the middle of the dry mixture. Pour the warm water into this "well," then add the butter, honey and yeast. Combine the food coloring drops with 1/4 cup of water and add that to the "well." Slowly mix the ingredients with a spoon, drawing the dry ingredients into the wet. When you can handle the dough, begin to combine it by hand, kneading the dough thoroughly for at least ten minutes, until it is very smooth and has a consistent color. Set the dough into a covered bowl in a warm place for an hour, to allow it to rise.
3. When the dough has risen to about double in size, punch it down and divide it into 8 even portions (divide dough in half, divide those halves in half, and then once more). Form the portions into tubular shaped loaves about 8 inches long and 2 inches wide. Sprinkle the entire surface of the loaves with cornmeal and place them on a cookie sheet, or two. Cover the cookie sheet(s) with plastic wrap and let the dough rise once more for another hour in a warm location.
4. Preheat the oven to 350 degrees. Uncover the dough and bake it for 20-24 minutes in the hot oven. Loaves should begin to darken slightly on top when done. Serve warm with a sharp bread knife and butter on the side. If you want whipped butter, like you get at the restaurant, just use an electric mixer on high speed to whip some butter until it's fluffy.

Makes 8 small loaves.

Oven Fried Kentucky Chicken

3 c self-rising flour
1 T paprika
2 pk lipton tomato cup a soup
-powder
2 pk good seasons italian
-dressing mix p,owder
1 t seasoned salt
1 pam (or oil)
1/4 lb margarine (or butter)
3 lb fryer chicken

In doubled plastic food bag combine well the flour, paprika, Lipton Tomato Cup A Soup powder, Good Seasons Italian Dressing mix powder and seasoned salt.

Shake the mixture well to combine it in the bag, having twisted the end the bag tightly until the air inside the bag create an inflated balloon affect.

Spray a jelly roll pan (10x15x3/4") with Pam or wipe it well with oil. Run a cut-up chicken fryer under cold water and let excess water drip off, or put all of the wet pieces of chicken into a colander to drain a few minutes.

Dredge pieces in the flour mixture, by placing the pieces, one at a time, in the bag of seasoned flour and shaking it to coat each piece. Arrange the coated pieces, skin-side up on prepared pan. Melt margarine or butter and use a 1" wide soft bristled pastry brush (or one from a paint store with soft hair bristles -- rather than plastic bristles) and dab the melted margarine over the floured surface -- skin-side only -- of each piece of chicken. When all of the melted margarine has been divided between chicken pieces, bake it uncovered - without turning the pieces -- 350 degrees F -- for 1 hour or till golden brown and tender.

FOR CRISPY COATING: After applying melted margarine, dust each piece with a few tablespoons more seasoned flour mixture and dab again in additional melted margarine before baking.

Serves 4 to 6.

P. F. Chang's Chicken In Soothing Lettuce Wraps

Special Sauce =====	Stir Fry Sauce =====
1/4 c sugar	2 T soy sauce
1/2 c water	2 T dark brown sugar
2 T soy sauce	1/2 t rice vinegar
2 T rice vinegar	sticks
2 T ketchup	=====
1 T lemon juice	1 c fried maifun (rice sticks)
1/8 t sesame oil	other ingredients =====
hot stuff =====	3 T vegetable oil
1 T chinese hot mustard	2 chicken breast fillets
2 t water	1 c water chestnuts,Minced
1 to 3 teaspoons garlic chili-paste	2/3 c straw mushrooms,Canned
lettuce =====	3 T green onion,Chopped
4 to 5 iceberg lettuce,Sliced-cups	1 t garlic (1 clove),Minced

1. Make the special sauce (for spooning over your lettuce wraps) by dissolving the 1/4 cup sugar in 1/2 cup water in a small bowl. Add 2 tablespoons soy sauce, 2 tablespoons rice vinegar, 2 tablespoons ketchup, 1 tablespoon lemon juice and 1/8 teaspoon sesame oil. Mix well and refrigerate this sauce until you're ready to serve the lettuce wraps. Combine the 2 teaspoons water with the Chinese hot mustard and set this aside as well. Eventually you will add your desired measurement of Chinese mustard and garlic chili sauce to the special sauce mixture to pour over your lettuce wraps. In the restaurant chain, skilled master craftsmen prepare the sauce at your table the same way, depending on your desired heat level. We'll talk more about that later.
2. To prepare the filling for your lettuce wraps, bring 2 tablespoons of vegetable oil to high heat in a wok or large frying pan. Saute the chicken breasts for 4 to 5 minutes per side or until done. Remove chicken from the pan to cool. Keep the oil in the pan and keep the pan hot.
3. As the chicken cools be sure your water chestnuts and mushrooms have been minced to about the size of small peas.
4. Prepare the stir fry sauce by mixing the soy sauce, brown sugar, and rice vinegar together in a small bowl.
5. When you can handle the chicken, hack it up with a sharp knife so that no piece is bigger than a dime. With the wok or pan still on high heat, add an additional tablespoon of vegetable oil. Add the chicken, garlic, water chestnuts and black mushrooms to the pan. Add the stir fry sauce to the pan and saute the mixture for a couple minutes then serve it onto into a dish lined with a bed of fried rice noodles (maifun).
6. Serve chicken with a side of lettuce cups. Make these lettuce cups by slicing the top off of a head of iceberg lettuce right through the middle of the head. Pull your lettuce cups off of the outside of this slice.
7. Make the special sauce at the table by adding your desired number of mustard and chili sauce to the special sauce blend: 1 teaspoon mustard and chili sauce for mild, 2 teaspoons each for medium and 3 teaspoons of each for hot. Stir well.
8. Assemble lettuce wraps by spooning filling into a lettuce cup, adding special sauce over the top, folding the sucker up like a taco, then munching down upon it with reckless abandon.

3. As the buns are browning, grill the hamburger patty, either in a hot frying pan over medium heat...or you can use a barbecue grill. Salt the meat generously.

- 1 1/2 c unsifted cake flour
- 2 c vegetable oil,up to 4

2. Slice chicken breasts into bite-size chunks. Remove exactly 1 cup of the marinade from the pan and pour it over the chicken in a large resealable plastic bag or other container which allows the chicken to be completely covered with the marinade. Chicken should marinate for at least a couple hours. Cover remaining sauce and leave it to cool until the chicken is ready.
3. When chicken has marinated, preheat 2-inches of vegetable oil in a wok or skillet to 350 degrees.
4. Combine corn starch with arrowroot in a small bowl, then add 3 tablespoons of water. Stir until corn starch and arrowroot have dissolved. Pour this mixture into the sauce and set the pan over high heat. When sauce begins to bubble and thickens cover and remove from heat.

6. Add 3/4 cup of the flour and stir with a fork just until the flour is blended into the mixture. The batter should still be lumpy.

8. Dip each piece of chicken first into the flour, then into the batter. Let some of the batter drip off and then slide the chicken into the oil. Fry up to 1/2 of the chicken pieces at a time for 3-4 minutes, or until golden brown. Flip the chicken over halfway through the cooking time. Remove the chicken to a rack or paper towels to drain.
9. As the chicken cooks, reheat the sauce left covered on the stove. Stir occasionally.
10. When all of the chicken is done, pour it into a large bowl, and cover with the thickened sauce. Stir gently until all of the pieces are well coated.

tbsps. olive oil

For electric mixer, place water in a bowl with yeast. Mix a moment and allow mixture to sit about five minutes to allow yeast to expand. Add pizza mix and oil, then knead, until smooth and elastic on slow speed, about five to seven minutes. Once dough is made, cover well with oiled plastic (or refrigerate) and allow to rest one hour. Deflate before proceeding to make pizza.

Pizza Hat Crust

1 van geffen vghc42a
2 pk dry yeast
2/3 c water, Warm
2 t sugar
2 c cold water
3 T corn oil
2 T sugar
1/4 t garlic salt
1 t salt
1/2 t dry oregano leaves
6 1/2 c all-purpose flour, (6 1/2 to
- 7)

Sprinkle yeast over warm water and stir in the sugar. Let stand about 5 minutes or until very bubbly. Combine the remaining ingredients with about half of the flour, beating to a smooth batter. Beat in the yeast mixture and then with a sturdy spoon work in remaining flour until you can toss it lightly on a floured surface and knead it until it feels elastic in texture. The kneading may require about 2/3 cup additional flour, that you will be coating your hand with as you knead the dough. Don't let the dough become too stiff and yet you don't want it to stick to your hands. Place it in a large plastic food bag, which you can spray inside with Pam or wipe the inside of it with oil and place the ball of kneaded dough in this to rise until doubled in bulk. Be sure the plastic bag is large enough that it will permit the dough to double without splitting the bag. You can place the bag of dough on a warm, sunny spot on the table or kitchen counter which helps it to raise quickly and if it's summertime, place the bag of dough (with open end sealed tightly with tape) in your car with the windows up! When dough has doubled, punch it down and shape it to fit two 15" round pizza pans that have been greased and dusted in cornmeal. Add the sauce and topping ingredients exactly in the order listed above, spreading each ingredients evenly over the dough. Let this rise about 20 minutes in a warm place and then bake at 450, about 20 to 25 minutes, putting one pizza at a time on center rack of the preheated oven. If you don't want a pizza-pizza and you can only handle one of them, wrap the second pizza in foil or plastic and seal it with tape to lock out all air. Freeze it before it rises the last time. After letting it thaw 30 minutes, you can bake as directed above.

Red Lobster Bacon Wrapped Stuffed Shrimp

--seasoning--

1/4 t salt

1/4 t paprika

dash black pepper,Ground

dash cayenne pepper

dash allspice

--dipping sauce--

1/3 c ranch dressing

1/4 t cilantro,Dried

5 pieces bacon

5 lg shrimp

3 sl fresh jalapeno

1 oz pepper jack cheese

1. Preheat oven to broil.
2. Make the seasoning blend by combining the ingredients in a small bowl. Set this aside.
3. Make the dipping sauce by combining the ranch dressing with cilantro in a medium bowl.
4. Cook the bacon in a frying pan over medium/high heat, but don't cook it all the way to crispy. You want undercooked bacon that, when cool, will easily wrap around the shrimp. Cook the bacon about 3 minutes per side, and don't let it brown. When the bacon is done lay it on paper towels to drain and cool.
5. Shell the shrimp, leaving the last segment of the shell and the tail. Remove the dark vein from the back of the shrimp, and then cut down into the back of the shrimp, without cutting all the way through, so that the shrimp is nearly butterflied open. This will make a pocket for the pepper and cheese.
6. Pour 1 cup of water into a small bowl. Add the shrimp and jalapeno peppers and microwave for 60 to 90 seconds. Shrimp should be starting to firm up and change color. Immediately pour the water out of the bowl, remove the jalapeno slices and pour cold water over the shrimp. Place the the shrimp and jalapeno pepper slices onto paper towels to drain off excess water.
7. Build the appetizer by cutting the jalapeno slices in half and removing the seeds. You should now have 6 jalapeno slices -- you'll need 5 of these. Place one slice into the slit on the back of a shrimp. Cut an inch-long chunk of cheese (about 1/4-inch thick), and place it on the jalapeno slice. Wrap a piece of bacon around the shrimp, starting where the cheese is. Start wrapping with the thinnest end of the bacon. Go 1 1/2 times around the shrimp and then cut off the excess bacon and slide a skewer through the shrimp, starting with the end where the cheese is and piercing the cut end of the bacon on the other side. Repeat with the remaining shrimp and slide them onto the skewer with the tails facing the same direction.
8. Put the skewer onto a baking sheet or broiler pan and sprinkle a very light coating of the seasoning blend over the shrimp, then broil for 3 to 4 minutes or until the bacon begins to brown and the cheese begins to ooze. Serve over a bed of rice if desired. .

Red Lobster Inspired Garlic Cheese Biscuits

1 c milk
1/3 c mayonnaise
1 T sugar**
2 c self-rising flour*
1/4 c kraft american cheese**
1/2 t garlic powder -- not salt
3 T butter (or margarine), Melted
1 muffin paper liners

*You may use all-purpose (regular) flour, however biscuits will not rise much and have a denser texture; flavors should be about identical. **Can substitute 3 packets of Sweet & Low for the sugar. Use the cheese in the gold cardboard container. Original recipe does not say, but I would think you will want to shred it.

In a 1 1/2 qt mixing bowl combine the milk, mayo, sugar, and flour. Beat on high speed with electric mixer for almost a minute, until smooth and completely combined. Using a rubber bowl scraper, streak the dough with the cheese. Batter should NOT be thin enough to pour; if necessary, add only enough additional flour so batter will "drop" from spoon. Drop batter into 10 paper-lined muffin tins, or a greater number of tiny muffin cups. (Muffins tend to triple in size when baked; fill lightly.) Melt butter; mix in garlic, and brush tops of dough. You may shake 1 tsp additional cheese on each muffin if you wish. Bake for 25-30 minutes, or until golden. Cool in pan on rack for 30 minutes.

Reese's Peanut Butter Cups

12 paper muffin cups
One 12-ounce pkg. milk
-chocolate ch
1 c reduced-fat peanut butter
1/2 c powdered sugar
1/4 t salt

1. Cut the top half off of the muffin cups so that they are shallower.
2. Pour the chocolate chips into a glass bowl and melt them in the microwave: Microwave at 50% power for 2 minutes. Stir the chips gently, and let them sit for a minute or so. If the chocolate needs more melting, microwave those chippies again at half power for 30 seconds. Stir gently. Continue the process, stirring gently as you go. But be very careful not to overcook the chocolate or it'll seize up on you
3. Using a teaspoon, spoon a portion of the chocolate into the middle of a muffin cup. Draw the chocolate up the edges of the cup with the back of the spoon. Coat the entire inside of the muffin cup with chocolate and place it into a muffin tin. Repeat with the remaining muffin cups and then put the whole muffin tin in the fridge so that the chocolate hardens.
4. Combine the reduced-fat peanut butter, powdered sugar and salt in a medium bowl.
5. When the chocolate in the muffin cups has hardened, pop the sweetened peanut butter into the microwave oven on full power for 1 minute. This will soften up the peanut butter so that it easily flows into the cups.
6. Spoon a small portion of peanut butter into each of the chocolate-coated cups. Leave room at the top for an additional layer of chocolate, which we'll add later. Pop the candy back in the refrigerator to harden the peanut butter. This should take an hour or so.
7. When the peanut butter filling has hardened, re-melt the chocolate chips in the microwave on half power for 30 to 60 seconds. Use a teaspoon to spread a layer of chocolate over the top of each candy. Chill the candy once again to set up the chocolate.

1/4 c fresh onion, Minced

1 1/2 c water

1/2 c tomato paste

1/2 c white vinegar

1/2 c brown sugar

2 T honey

1 T worcestershire sauce

1 3/4 t salt

1 t liquid smoke

1 t jim beam whiskey

1/4 t black pepper, Coarse Ground

1/8 t garlic powder

1/8 t paprika

1. To make the ribs, cut each large rack of ribs in half so that you have 4 half-racks. Sprinkle a light coating of salt and a more generous portion of coarse pepper over the top and bottom of each rack. Wrap the ribs in aluminum foil and bake in a preheated 300 degree oven for 2 1/2 hours.
2. As the ribs cook, make the sauce by heating the oil in a medium saucepan over medium/high heat. Saut the onions for 5 minutes or until they start to brown. Add the remaining ingredients and bring mixture to a boil then reduce heat and simmer for 1 1/4 hours, uncovered, or until sauce thickens. Remove from heat and set aside until the ribs are ready. Preheat your barbecue grill.
3. When ribs are finished in the oven, the meat should have pull back about 1/2-inch from the cut-ends of the bones. Remove the ribs from the oven, let them sit for 10 minutes or so, then remove the racks from the foil and put them on the grill. Grill the ribs for 3 to 4 minutes per side. They should be slightly charred in a few spots when they're finished. Brush barbecue sauce on the ribs while they're grilling, just before you serve them. Don't add the sauce too early or it will burn.

1. Use a sharp knife to make 8 thin slices each from the end of standard-size hunks of cheddar and monterey jack cheeses.
2. Arrange 2 slices of cheddar and 2 slices of jack on your hand, then sprinkle about 1 teaspoon of diced jalapeno on top of the cheese. Sprinkle 1/4 teaspoon of minced chives on next. Sandwich the peppers and chives between the cheese and roll it all up. Fold the cheese and squeeze it all together so that the peppers and chives are well sealed into the middle of the cheeses.
3. Lay a spring roll wrapper with one corner pointing away from you. Arrange the cheese lengthwise on the center of the wrapper.
4. Fold one of the side corners over the cheese filling. Brush a little beaten egg on the tip of the other side corner and fold it over the first corner so that it sticks. Brush some beaten egg on the corner pointing away from you. Fold the bottom corner up and over the filling. Roll the wrapper up, keeping it tight, until it rolls over the top corner with the egg on it. It should stick. Repeat with the remaining rolls, then cover them all and chill for at least 30 minutes. This will be long enough to heat up the oil in a deep fryer or large saucepan to 350 degrees.
5. When the oil is hot, fry the rolls for 2 1/2 to 3 minutes or until the outside is golden brown. Drain the rolls on a rack or paper towels for 2 minutes before serving with your favorite marinara sauce on the side for dipping.

Rock Candy For Kids

- 1 2 c granulated sugar
- 1 heavy cord
- 1 1 c water

The book says to put one cup of water into a small saucepan, pour 2 cups of granulated sugar into the water, heat the water and sugar on the stove over a medium heat, continue stirring until the sugar melts, keep adding sugar and stirring until it melts, stop adding sugar when you see that it will no longer dissolve in the water (that is until you see sugar lying on the bottom of the saucepan). Remove the pot from the stove, let the liquid cool until it is just warm.

Pour the liquid into a clean glass jar. Tie one end of a piece of heavy cord around the middle of a pencil. Place the pencil over the top of the glass jar letting the cord fall into the liquid. Crystals will begin to form in a few hours. The next day, remove the cord from the jar, pour the sugar liquid back into the saucepan, reheat and cool it just as you did before. Pour the liquid back into the jar and reinsert the cord with the crystals into it. More crystals will form.

If you repeat this procedure every day the crystal candy will grow bigger and bigger. When it has reached a size that pleases you, snip off any excess string and enjoy.

Secure the lid in place. Shake bowl a few times to coat pieces. Arrange pieces after coating on Pam sprayed 10x15x3/4" jelly roll pan about 1 inch apart. Set aside. Melt 1/4 pound of butter or margarine in small skillet or saucepan. "Lap" it on top side only of each piece of coated chicken arranged on the prepared pan. (keeping pieces skin-side up.) Use only enough of the melted butter or margarine to evenly and lightly caress each piece. Then place 1/2 cup of th coating mixture in a small flour sifter. Sift ot all over the margarine covered chicken pieces. Bake, uncovered, without turning the pieces at 400 F. for about 1 hour.

Skillet Method: Melt equal parts margarine and oil sufficient to cover the bottom of a roomy skillet, keeping oil mixture at least 1/4" deep. Coat pieces of chicken as directed above for oven method. Brown about 2 minutes on each side on Medium-High heat. Don't over-brown these or meat will be tough. Transfer browned pieces to greased baking pan and continue heating in oven at 400 F. about 10-15 minutes or to desired doneness.

For Pork: Allow 4 center cut pork chops for amount given in the chicken coating recipe, but add to the coating mixture in a bowl: 1 tsp. chili powder, 1/2 tsp. paprika, 1/4 tsp. cumin powder. Proceed as recipe directs for coating and baking.

For Cube Steaks or Chicken Fried Steak: (such as Denny's) Follow directions for either the oven or skillet method for chicken pieces but to the coating mix in the bowl, before applying to moistened steaks, add 1 tsp. brown sugar, 1/2 tsp. bottle lemon peel or finely grated lemon rind. Follow recipes as otherwise directed.

For Coating Fish Fillets: follow recipe for either method of preparing chicken, but to the coating mixture, add 1 tsp. paprika nd 1 tsp. finely grated lemon rind or bottle peel (zest). Proceed as recipe otherwise directs.

Taco Take-Out Filling

- 2 lb chuck, Ground
- 1 c onion -- chop
- 1 green pepper -- chop
- 1 t mustard seeds
- 3 T beef bouillon powder -- or
- 1 t chili powder
- 1/8 t tabasco
- 1 t cumin powder
- 1 1/2 c bottled chili sauce
- 1/3 c sweetpickle relish
- 1 sm can tomato paste
- 6 oz water tomato paste can
- 3 T dark molasses
- 10 1/2 oz beef broth
- 1 hot fried taco shells
- 1 lettuce -- shred
- 1 monterey jack cheese-grate

Pack beef into ungreased 10" skillet on medium heat. Cover and let simmer, reducing to low heat after 5 minutes. You don't really want to overbrown the beef, but to allow some moisture to combine with the natural fat in the chuck to create a broth while it simmer. Depending on the percentage of fat content in the beef, I'd let it steam like this for about 12-15 minutes. Turn off heat. Drain liquid from beef into blender with HALF of the beef. With on/off speed blend this mixture until it resembles a brick-layer's mortar. To the mixture of pulverized beef and the remaining half which you did not put into the blender, add onion, green pepper, mustard seed, bouillon powder and chili powder. Stir in hotpepper sauce, cumin powder, chili sauce, sweet pickle relish, tomato paste, water, molasses and beef broth. (If you like a thinner sauce, add more beef broth). Simmer this uncovered, stirring frequently to prevent scorching or use your slow cooker on "high" for about 2 hours. On top of the range, simmer 1 hour, adding additional liquid as necessary to keep sauce consistency. Spoon it into the fried taco shells. Top it off with lettuce, grated cheese and Taco 5 Alarm Sauce.

Preheat the oven to 350. Make the cupcakes according to the directions on the box. While the cupcakes bake, make the chocolate and/or butter cream icings. Chocolate Icing--In a mixing bowl, combine the butter with the chocolate chips melted in a microwave set on high for 30 to 45 seconds. Blend in the vanilla, milk and powdered sugar and beat with an electric mixer until smooth and creamy. Butter cream Icing--Combine all the ingredients in a mixing bowl and beat until smooth. If you're making the filled cupcakes, combine the ingredients for the filling in another mixing bowl and beat until fluffy. When the cupcakes are cool, complete each by following these directions. CHOCOLATE-ICED: First spread a layer of chocolate frosting on each cupcake. Then, using a pastry bag with a small, round tip, draw a single straight line of buttercream icing down the middle of the chocolate icing. BUTTERCREAM-ICED: First spread a layer of buttercream icing evenly over the top of each cupcake. Then, using a pastry bag with a small round tip, draw a straight line of chocolate icing down the middle of the buttercream icing. CREME-FILLED: If you want the cupcakes filled you need to do it before you frost them. Use a toothpick or skewer to make a hole in the top of the unfrosted cupcake. Stick the toothpick into the middle of the cupcake and then swirl it around to carve out a cavity in the middle of the cake. This is where the filling will go. Use a pastry bag to inject about 1 tsp of filling into each cupcake, to fill the hole. When you ice your cupcakes, the icing will neatly hide the hole you made.

Three Ingredient Muffin Bread

12 oz 7-up
2 eggs
4 c bisquick baking mix

Use wire whisk to beat 7-UP & eggs about 5 or 6 times & dump in biscuit mix, stirring with sturdy spoon only till it is completely moistened. Batter will be a bit lumpy. Pour into a greased 9" metal bread loaf pan. Let stand 10 minutes. Bake at 400 degrees F. nearly an hour or until it tests done as suggested in the Two Ingredient Biscuit Bread recipe.

Options: Because the bread has very little flavor of its own, you may add 1 tablespoon of any flavoring or extract to the 7-UP when you beat in the eggs. OR you can add 1 tsp of any powdered spice -- such as nutmeg or cinnamon.

Blueberries in the batter makes a lovely tea bread, if you will stir into the batter before you let it stand those 10 minutes -- 1 cup frozen (unthawed) blueberries -- having added the flavoring or extract of your choice -- or even bottled grated orange or lemon peel in place of the spice. Bake as directed in recipe above.

Tony Roma's Ribs Clone

4 lb baby back pork ribs
: barbecue sauce for coating
1 c ketchup
1 c vinegar
1/2 c dark corn syrup
2 ts sugar
1/2 ts salt
1/4 ts garlic powder
1/4 ts onion powder
1/4 ts Tabasco sauce

Ribs: When you buy ribs at the butcher counter, you often get a full rack of ribs that won't fit on a plate. Usually you have to cut these long racks in half to get the perfect serving size (about 4 to 6 bones per half rack.) You'll get 4 such half racks from 2 full racks of ribs.

Preheat the oven to 300 F. Tear off 4 pieces of aluminum foil that are roughly 6 inches longer than the ribs. Coat the ribs, front and back, with the barbecue sauce. Place a rack of ribs, one at a time, onto a piece of foil lengthwise and wrap it tightly.

Place the ribs into the oven, with the seam of the foil wrap facing up. Cook for 2 to 2 1/2 hours or until you see the meat of the ribs shrinking back from the cut ends of the bones by about 1/2 inch. This long cooking time will ensure that the meat is tender.

Toward the end of the cooking time, prepare the barbecue grill. Remove the ribs from the foil and smother them with additional barbecue sauce. Be sure to save some of the sauce for later.

Grill the ribs on the hot barbecue for 2 to 4 minutes per side, or just until you see several spots of charred sauce. Watch for flames and do not burn.

When the ribs are done, use a sharp knife to slice the meat between each bone about halfway down. This will make it easier to tear the ribs apart when they are served. Serve the ribs piping hot with additional sauce on the side, if desired.

Sauce: Combine all of the ingredients in a saucepan over high heat. Use a whisk to blend the ingredients until smooth. When the mixture comes to a boil, reduce the heat and simmer uncovered. In 30 to 45 minutes, when the mixture thickens, remove it from the heat. If you want a thicker sauce, heat it longer. If you make the sauce too thick, thin it with more vinegar.

4 c bisquick baking mix

Stir the 2 ingredients together just till moistened & still a bit lumpy. dump batter into a greased 9" metal bread loaf pan. Let it stand 10 minutes to "proof" -- (get a head-start on rising) -- and bake in preheated 400 degree F. oven nearly an hour.

To test bread for doneness -- even-though the crust appears brown and you think it's done -- insert a paper-covered wire trash bag "twist" through center of the loaf till tester touches bottom of pan. Be sure it is removed with no trace of wet batter before removing bread to cool in the pan on wire rack for at least 2 hours before removing it from pan & then another 2 hours before you attempt to slice it.

Makes one 9" loaf.

--,Chopped
3 bay leaves
3 T sugar
10 basil leaves
1/2 t pepper
2 t worcestershire sauce
-(optional)
4 t salt,if desired

In a large enameled kettle, simmer the tomatoes over low heat until soft. Put through a fine sieve or food mill to remove skins and seeds and set the strained juice aside. Rinse the kettle and into it measure 2 cups of the tomato juice. Add the onions, celery, pepper, etc. Boil over medium heat, stirring and adding extra juice as needed to keep the mixture from sticking - until soft enough to strain through your sieve or food mill. Add 3 1/2 teaspoons citric acid (or 2/3 cup bottled lemon juice OR 3/4 cup white vinegar) and the rest of the tomato juice. Bring to simmering. Pack hot, leaving 1/2 inch of headroom. Process in a BW bath: 15 minutes for pints, 20 minutes for quarts. Remove jars. Alternate: We use 3-5 Hungarian wax peppers instead of the green pepper for added kick. Makes a spicy, hot juice. Or you could use jalapenos, but not too many.
